

Meet your teacher

JAMES ILIFFE

ABOUT ME

I love anything to do with the sea - I surf, paddle board, sail, swim, coastering, as long as I am in or on the water I am happy.

I have lots of different animals and enjoying sitting in the field with them around me reading a book - which usually ends up with one of the goats eating it.

FUN FACTS

- I have 7 goats, 35 chickens, 3 cats and a tortoise.
- I've cycled from John o'Groats to Lands End on a tandem for charity.
- I have about 70,000 bees.

TEACHING PHILOSOPHY

I firmly believe that every child can be a successful learner when they feel safe, have a sense of belonging, and are supported to discover their passion.

At Bosvena, by working collaboratively and nurturing strong, trusting relationships with each child, we will create the foundations for lasting success.

I do not believe any child is badly behaved behaviour their way of expressing an unmet need and it is our job to meet this.

INTERESTING INFO

I am married and have a wife, who is also a teacher and animal lover.
I really enjoy making things from wood.
